THE COMPLETE " GUN CARE SYSTEM "

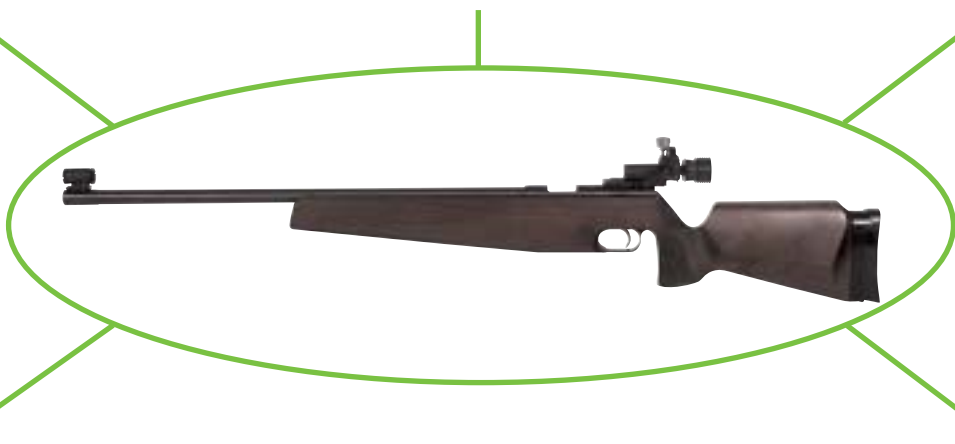

Rusthunter cleans, lubricates and protects against corrosion while keeping your firearm looking its best.

BullFrog Lubricant with Rustblocker provides superior lubricity and penetration on all moving parts.

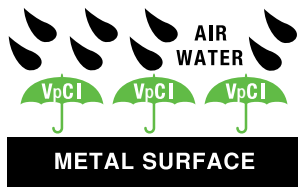

Patented Rusthunter VpCI® technology in convenient ready to go wipes.

Patented BullFrog gun sleeves protect your firearm from moisture and dust while preventing corrosion with VpCI® Technology.

BullFrog Emitters will protect your firearm for one year when stored in an enclosed space.

Bull Frog® VpCI's bond with metal surfaces to form a protective 'Molecular Umbrella,' sealing out air and moisture that cause rust and corrosion.

PROTECT YOUR FIREARMS FROM THE RAVAGES OF RUST AND CORROSION WITH THE BULLFROG "GUN CARE SYSTEM"

The Bull Frog® products represent a real breakthrough in consumer technology that has been perfected and proven in industrial and military applications around the world. Although each product was created to perform a different task, each product employs the same Cortec® Vapor phase Corrosion Inhibitor (VpCI®) technology that has been proven both safe and effective in removing and controlling the ravages of rust and corrosion. Bull Frog consumer products will protect your investments and help them perform at their optimum levels.

Bull Frog products are safe for you and for the environment.

- Environmentally safe—non-polluting and biodegradable.
- ISO 9001 & ISO 14001 certified manufacturer.

Patented

RUST BLOCKER GUN SLEEVES

Conventional gun cases only protect firearms from dust. Only Bull Frog Rust Blocker Gun Sleeves protect valuable firearms with the same vapor corrosion inhibitors (VpCI's) developed for the military, NATO and major industries. Bull Frog's soft-spun, non-abrasive lining wicks moisture safely away from your valuable firearm with exclusive gravity capillary action.
